

Dear Sir/Madam,

This letter serves as a recommendation for Marissa Bauer. I have acted both as instructor and mentor to Marissa for the past two and a half years while she completed her Associate's Degree in Game Design at Austin Community College. I was consistently impressed with Marissa's professional demeanor, determination, and thorough performance on completing every assignment regardless of whether it was a team or individual project. Marissa's communication skills fostered productive working relationships among her peers and contributed to successful completion of goals. In addition to her ability to operate well under pressure, Marissa has demonstrated leadership skills in addition to an aptitude for scripting in game engines.

Marissa has the professionalism, technical and creative skills to succeed in a game studio. She is passionate about video games as an art, as well as a craft. I would recommend her for employment without reservation.

Please do not hesitate to contact me if there is further information required.

Kindest Regards,
